Hello there:

Wonderful! Thank you, Melissa, for forwarding our data request onward. Alyssa, I greatly appreciate your answering these questions, providing the data file (reattached for reference), and putting us in touch with Cathy. I am adding our statistician back to the thread for awareness; Eva will follow-up if there are any questions. We're looking forward to building off your incredible work!

Respectfully,

Sarah Brunelle (SB) (she/they)
Project Manager for Innovation and Technology Solutions
sarah.brunelle@tnc.org
+1-206-343-4344 ext. 385

The Nature Conservancy
Washington Chapter
74 Wall Street
Seattle, WA 98121
U.S.A.

We work flexibly at TNC. I do not anticipate a response outside of your regular work hours.

Work Hours: M-F 08:00 to 16:00 Pacific Time

Upcoming OOO: Field Work 05-20 to 05-22; PTO 05-27

Subject: RE: REQUEST: Stormwater Sample Details for EIM G1100234

Hi Sarah,

The samples you are inquiring about were taken as grab samples. If you have any additional questions regarding these samples, Cathy Craver will your best contact. The total area for the project basin was 31 acres. I've attached the shape file for the basin. Please let me know if you need this in a different format.

Thanks,

Alyssa
